

Survey on Learning Needs for Using MOODLE

Question

Answer

1. Name of your institution:

2. Your name (optional):

3. Your email address (optional):

4. Does your organization have its own Moodle or does it use one provided by a partnering organisation?

5. What would you like to do with Moodle? (Please check those you would use and assign a priority)

	I already know well	Low Priority	Mid Priority	High Priority
Run an effective discussion Forum that engages participants				
Load your presentations and other resources on the Moodle site for participants to review or take away				
Set up a well organized and readable course site				
Take a poll about participant views, experiences, or needs				
Assess participant knowledge prior to a course				
Assess learning at the end of the course				
Set up student groups for small group discussions or projects				
Make written assignments participants must turn in by a specific date				
Evaluate your course				

Conduct an icebreaker				
Grade participant assignments				
Use chat to discuss a real time weather event				
Create a self-paced interactive lesson				
Have participants evaluate a case or scenario and make decisions				
Track how many participants have viewed resources or activities				
Enable participants to read a model answer after they turn the assignment				
Use quiz as a learning tool with interactive custom feedback				
Issue a custom certificate after participants received a passing score for a set of activities				

6. Have you used Moodle?

7. How often do you use Moodle?

8. Which Resources or Activities have you used? What is your estimated skill level?

	I have NOT used	Low Skill	Some Skill	Good Skill	High Level Skill
