World Meteorological Organization  
Organisation météorologique mondiale

# Purpose and scope

**The Panel will be responsible to the EC through the:**

- Technical Coordination Committee
- Policy Advisory Committee

**It will monitor the priorities of and activities under the:**

- WMO Strategic Plan
- WMO Capacity Development Strategy
- WMO Gender Equality Policy
- Institutional, infrastructural, procedural and human resources capacity development

**The Panel could, *inter alia*, provide other guidance to WMO**

# Composition of Panel

- Chaired either by a Vice-President of the Organization or a designated member of the EC
- Reach agreement on the designation of its vice-chair
- Chair and vice-chair should normally serve for up to two consecutive terms
- If the Chair cannot attend a session, she/he will appoint a Panel member to chair
- In addition to the Chair, the Panel will consist of twelve core members who sit in a personal capacity

# Composition of Panel cont..

- A representative of presidents of RAs and a representative of WMO RTCs will be within the composition and appointed by the EC
- The Chair will invite representatives of funding and development agencies:
  - May include official development agencies, regional and sub-regional economic commissions, the World Bank, regional development banks and experts and representatives of stakeholder communities
- In addition to acting in a personal capacity, Panel Members will be expected to maintain regular contact with technical commissions to promote coordination and information exchange.

# Thank you

WMO OMM
