

5.2 RECOMMENDATIONS OF THE EXPERT TEAM ON HUMAN RESOURCES DEVELOPMENT, EDUCATION AND TRAINING (CDP-ET-HRDET)

5.2(1) Recommendations from CDP-ET-HRDET for inclusion in the report of chair to EC-73

Based on the discussions held by the CDP-ET-HRDET with active involvement of the WMO Education and Training Office, several recommendations for inclusion in the report of CDP chair to EC-73 were outlined:

1. The Secretary-General is requested to hold SYMET 14 this year.
2. The WMO Secretariat should take into account the recommendations of the WMO Global Campus Event "*Responding to Challenges Beyond the New Normal*" (held online 20-22 January 2020).
3. Given the need for closer collaboration between the TDs in education and training, to ask EC-73 to set-up a programme of targeted fellowships to address the gaps in training.
4. As a way of developing resources for leadership of NMHSs, to recommend EC-73 to request the Secretary-General to prepare a publication on Leadership and Management, based on experience of the training programmes organized by WMO in collaboration with Meteorological Services of Singapore for Regional Associations II and V since 2018.

5.2(2) Recommendations from CDP-ET-HRDET for consideration by the Task Team on WMO Capacity Development Strategy

The following recommendations have a longer-term character and may be offered for consideration by the Task Team on WMO Capacity development Strategy:

1. Education and training in hydrology, meteorology and related sciences is offered by a number of universities and corporate training institutions. The WMO Secretariate needs to embark on advisory services to assist training institutions deal with current and future challenges of delivering education and training activities.
2. It is recommended that the WMO Secretariate promotes closer collaboration between the academic and corporate institutions and NMHSs in developing competencies and research in the fields of education and training.
3. It is recommended that CDP takes note of the ongoing review process of BIP-M and BIP-MT and make comments accordingly as necessary as a contribution to the process.
