

Report on CDP-TT-WCDS activities

Mr. John E. Ogren

Vice-chair, Capacity Development Panel

Chief Learning Officer

US National Weather Service

CDP-TT-WCDS Membership

Facilitators: Mr. John Ogren
Dr. David Farrell

Members: All CDP Members

Invited members:
Dr. Michael Smith
Ms. Andrea Applewhaite

WCDS Terms of Reference

- i. Revise the WMO Capacity Development Strategy and Implementation Plan (2015) WMO No 1133 in the light of the reform and new direction of the organization.
- ii. Prepare a new capacity development strategy for consideration by the Panel.
- iii. Ensure relevant contributions from the Expert Teams.
- iv. Seek, as appropriate, contributions of WMO recognized institution or NMHS towards the delivery of the work.

WCDS Updates (Aug 2021)

- A draft outline of the new Capacity Development Strategy (CDS) was prepared in July
- The outline was sent to the WMO Secretariat, Technical Departments, Tech Commissions and boards, and Regional associations for feedback.
- Overall the outline was accepted with a few minor changes based on comments received.

WCDS Updates...Cont. (Aug 2021)

- Introduction sections beginning to be written
- Other sections of the report will be assigned to the appropriate WMO department, Commission or board for draft authorship
- It is hoped a rough draft of the CDS will be available for another round of review in the October timeframe

CDS Timeline

- ~~**June:** Approval of Outline, Questions, and Timeline~~
- ~~**July:** Send information requests to leadership, technical commissions, and members~~
- ~~**August:** Gather information from leadership, technical commissions, and members~~
- **September:** Compile information and write first draft. Give an update to CDS panel. Assign sections to CDS panel members. Schedule interviews with WMO leadership.
- **October:** Finish first draft and send out for review. Give an update to next WMO Congress. Conduct WMO leadership interviews.
- **November:** Edit first draft; address comments and requests.
- **December:** Final draft sent out for review.

Questions to the Panel

- What are your views of the current (2015) CDS?
 - What items are missing?
 - What has performed well? What hasn't?
 - Any other comments

Questions to the Panel

- What are your views on the CDS Implementation Plan?
 - What items are missing?
 - What has performed well? What hasn't?
 - Any other comments

Questions to the Panel

- Where/How does CD feature in your mission?
- Have you been able to link WMO priority areas to local action and outputs?
 - What are the successes?

Thank You
