

RESPONSIBILITIES OF GISCS AND RTHs

☐ GISCS:

- (a) Each GISC shall coordinate with the Centres in its area of responsibility to maintain a WIS telecommunications infrastructure that can meet the WIS requirements for information exchange within the area
- (b) Each GISC shall participate in monitoring the performance of WIS, including monitoring the collection and distribution of data and products intended for global exchange
- (c) GISCS shall support NCs and DCPCs in their Area or Responsibility to effectively participate in WIS

☐ RTHS

- Collection and dissemination of meteorological data and products within their area of responsibility
- Exchange of such data/products with other RTHs
- Support NCs in their area of Responsibility

Telecommunication issues

When a telecommunication issue happened:

1. Contact the RTH to check if your data are well received
2. Contact your principal GISC
3. If the data are received by the GISC and not appear in the WDQMS:
 - Check the BUFR format
 - Notify WMO secretariat: wis@wmo.int
