What is the Consortium of WMO Education and Training Collaborating Partners?

Consortium of WMO Education and Training Collaborating Partners (CONNECT) is an entity that will:

be a **formal mechanism** to achieve the goals of the WMO Global Campus initiative

complement the work of the WMO Capacity Development Panel

assist in building critical mass of support for ensuring technically sound, coherent, consistent and timely input of stakeholders towards the provision of desirable strategic direction for education and training activities

constitute a viable ground for minimization of duplication, to complement efforts, maximize impacts, and enhancing cost-effective use of resources

Which are the benefits of CONECT?

Complementary to the overall benefits to Members from enhanced capacity and competence expected from the WMO Global Campus, CONECT will bring additional benefits as:

Increasing **communication** at global and regional levels, and with EC-CDP and ETR regarding regional and thematic training needs;

Identifying innovative **training solutions** that can be adopted by all partners, contributing to closing the gap of capacity development within Members;

Identifying **training resources that can be shared** and localized for use in different Regions;

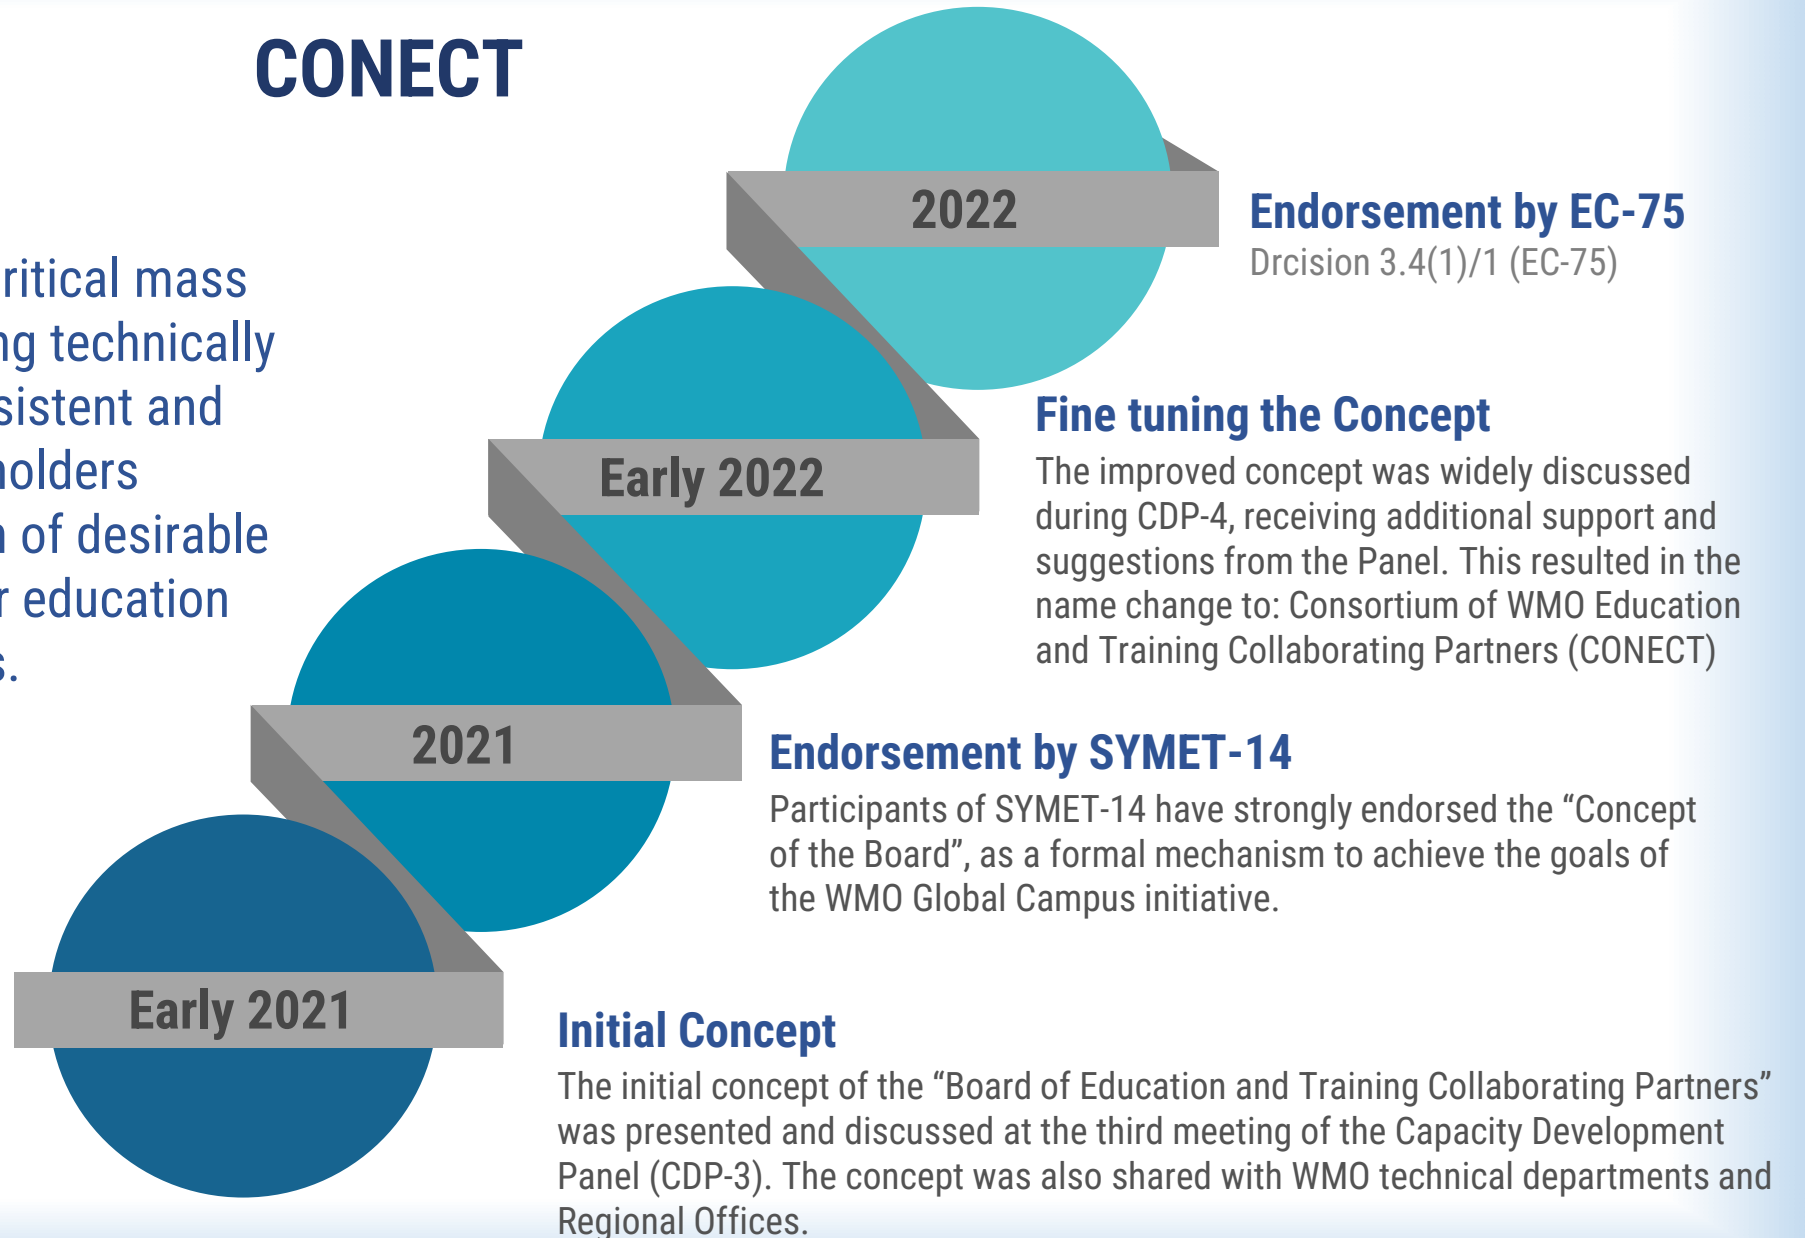

Sharing **ideas and viable solutions** to challenges in education and training.
