ORGANIZATION

In principle, there should be only NFPs-WDQMS, as well as the RWCs staff, registered and able to access the IMS.

However, we will try to address other cases/request depending on the situation/justification, i.e. why are you people registered to the training?

- is it because you expect to be nominated as NFPs-WDQMS?
- is it because you are going to attend on behalf of the NFP-WDQMS?
- are you RWCs representatives?
- other?...

So, for each case we should be able to find a solution, if possible today or sometime before the training session on 4 June.
