

WIS2 Training Student VM

Student VM

Each student VM provides the minimum requirements for hosting a WIS2 Node using the wis2box-software:

VM hardware:

- 2 vCPUs, 4 GB Memory, 48 GB local storage (SSD)

VM software:

- **Ubuntu 22.04.3 LTS**
- **Python 3.10.12**
- **Docker 24.06, Docker Compose 2.21.0**
- Latest wis2box-release
- cmd-line-editors: nano, vi, vim
- additional python-modules: minio

One student VM provided for each participant on ECMWF's European Weather Cloud

Each participant was sent an **e-mail** with the hostname, username and password for their Student VM

See host requirements at wis2box-documentation website:

<https://docs.wis2box.wis.wmo.int/en/latest/user/getting-started.html>
